

21 & Co

Information Day - Special iApps

Monday 22nd May 2017

10:00 – 14:30

Langdon Down Centre, Teddington, TW11 9PS

Colin Dean, the founder of Special iApps, who also has a son with Down's Syndrome, will be running a workshop on the use of his award winning technology in the teaching of children with Down's Syndrome as well as showing how young adults are using it. Mixing presentation and hands on sessions the workshop will cover:

- Introduction to Special iApps
- Getting the most out of apps from Special iApps
- Accessibility features built into the devices to maximise learning and minimise frustration
- Technical and legal issues around securing data, backups and recovery, and cloud services
- Obtaining iPads using grants

It will primarily cover Apple iPad and iPhone but with mention of Android mobile services.

Delegates are encouraged to bring their own mobile device if they have one.

Cost: £15 Parents. £20 Professionals.

Payable by bank transfer to 21&Co. Natwest Bank A/C 45873836 S/C 60-60-02

Lunch, tea and coffee included.
